I. OBJECTIVE & PURPOSE

This document provides the structural blueprint for preparing the physical, paper-based filing package to be submitted directly to the Constitutional Court of the Republic of Moldova (CC RM) and the Prosecutor General's Office (Procuratura General?), backed by cryptographically secured digital proofs.

II. COMPOSITION OF THE PHYSICAL SUBMISSION PACKAGE**1. Cover Letter & Diplomatic Notice:**

- * Printed copy of US_EMBASSY_DIPLOMATIC_MEMORANDUM_2026.md and the formal Sesizare.
- * Explicit invocation of Article 4 of the Constitution of RM and Universal Declaration of Human Rights (DUDO, Article 17).
- * Explicit rejection of ECHR filters pursuant to *Jus Cogens* and *Erga Omnes* norms.

2. Cryptographic Evidence Appendix:

- * Printed summary of Delivery_Status_Report_CASE_MACHERET.md.
- * Listing of verified SMTP 250 2.0.0 OK Message-IDs (<202610061535.jci.mandatory@actor.local>, <202610061535.ccrm.copy@actor.local>, etc.).
- * SHA-256 Cryptographic Hash of the master payload:
3d0271847be592731660f68776cda9d7555f1c29862b0edc7d6ece133cc8a174.

3. QR Code Gateway for Instant Verification:

- * Inclusion of a direct QR code pointing to the live public dashboard:
https://arhiv1973b.github.io/ACTOR_DEV_ENV/consolidated_public_dashboard.html
- * Inclusion of a direct QR code pointing to the Google Drive public evidence mirror:
<https://drive.google.com/drive/folders/CASE-MACHERET-PUBLIC>

III. SUBMISSION PROTOCOL & LOGGING

- * Filing Delivery: Deliver in person or via registered mail with return receipt requested (*scrisoare recomandată cu confirmare de primire*).
- * Ledger Synchronization: Ensure all physical filing dates are logged in audit_log.json and committed to the GitHub repository as a finalized physical dispatch record.
