

DIPLOMATIC MEMORANDUM & COVER LETTER

TO: Embassy of the United States of America in the Republic of Moldova

FROM: Alexei Macheret (A©tor)

DATE: October 06, 2026

SUBJECT: Escalation, Evidence Delivery, and Interception Audit in Case CASE-MACHERET-1997-2026 (Direct Invocation of DUDO & Art. 4 Constitution of Moldova)

I. EXECUTIVE SUMMARY & DIPLOMATIC NOTICE

This memorandum serves as an official formal notice and evidentiary transmission to the United States Diplomatic Mission in Chisinau regarding the ongoing systemic usurpation of power, financial interception, and obstruction of justice in the Republic of Moldova under Case CASE-MACHERET-1997-2026.

In light of systemic institutional failures, corruption within domestic judicial and law enforcement bodies (including Judec?toria Chi?in?u - Sediul Ciocana and Procuratura mun. Chi?in?u), and interference with communications originating from United States jurisdictions (White House and federal correspondence channels), the Applicant formally invokes:

1. Article 4 of the Constitution of the Republic_Moldova (Direct applicability and supremacy of international human rights treaties).
2. Universal Declaration of Human Rights (DUDO, Article 17) (Protection against arbitrary deprivation of property and assets exceeding 25 million MDL).
3. Imperatives of *Jus Cogens* and *Erga Omnes*, strictly bypassing European Court of Human Rights (ECHR) exhaustion filters due to procedural bad faith.

II. VERIFIED TECHNICAL EVIDENCE & SMTP DSN RECEIPTS

On October 6, 2026, under the automated *Erga Omnes* / *Jus Cogens* dispatch protocol, official notices and legal demands were transmitted directly to Moldovan judicial and prosecutorial MX servers, accompanied by cryptographic verification:

- Cryptographic Hash (SHA-256): 36fbbae4cb8d6adc13f67c810df7182b79dc3593910d550f14a2e6ec69c18290

- Delivery Receipts (SMTP 250 OK):

- Judec?toria Chi?in?u, Sediul Ciocana (jci@justice.md): Accepted (Message-ID:

<202610061535.jci.mandatory@actor.local>)

- Curtea Constitu?ional? (secretariat@constcourt.md): Queued/Accepted (Message-ID:

<202610061535.ccrm.copy@actor.local>)

- Procuratura mun. Chi?in?u (proc-gen@procuratura.md): Delivered successfully (Message-ID:

<202610061535.proc.mandatory@actor.local>)

- Immutable Ledger Verification: All delivery logs, timestamps, and message IDs are permanently committed to the GitHub Evidence Ledger (https://github.com/arhiv1973b/ACTOR_DEV_ENV, commit f6e2d2157).

III. INTERCEPTION OF US-ORIGINATING TRANSACTIONS & DEMAND FOR ACTION

Previous verified responses from United States authorities (including White House correspondence confirmation of November 29, 2025) establish a clear nexus of international communication. However, local financial operators (FinComBank, Moldindconbank) and judicial actors have actively obstructed assets and falsified PEP statuses to bypass international regulatory oversight.

The Applicant formally requests the U.S. Embassy Diplomatic Mission to:

1. Take note of the verified cryptographic delivery receipts and systemic obstruction documented in Case CASE-MACHERET-1997-2026.
2. Monitor the compliance of Moldovan judicial authorities (Judec?toria Chi?in?u, Constitutional Court) with international human rights obligations under DUDO and Article 4 of the Moldovan Constitution.
3. Facilitate diplomatic oversight regarding the protection of property rights and the prevention of impunity for actors involved in financial and identity sabotage.
